42-02 - Student Health and Records CCF Handbook, Section 7.2 CCF Handbook, Section 7.2 (Form

60 documentation of a scheduled appointment or arrangement to receive immunizations. Providers must include a general statement in parent handbook/policies to inform parents/guardians, at time of enrollment, that some children in care may not have current immunizations. C. School-aged children attending public or non-public schools are not required to have student health examination and immunization records on file at the child care facility as such records are on file at the school where the child is enrolled. D. If the custodial parents or legal guardians need assistance concerning these requirements, the facility shall refer them to the Department of Health or to the child's physician. E. Medical records in this section are the property of the custodial parent or legal guardian and must be returned to them when the child withdraws from the facility. The medical records are transferable if the child attends another facility. F. It is recommended that child care personnel are current with all immunizations routinely recommended for adults by the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), as referenced in Caring for Our Children Basics Health and Safety Foundations for Early Care and Education, ...
