SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "C"

441 IAC 110.15(1)“ e” No more than 16 children shall be present at any one time when an emergency school closing is in effect. If more than 8 children are present at any one time due to an emergency school closing exception, the provider shall be assisted by a department-approved assistant who is at least 18 years of age.

- If only ne approved provider is present, no more than 6 of 8 children may be 24 months of age or younger and of these 6 children, no more than 3 are 12 months of age or younger.

Findings:

A compliance visit was conducted on 7/12/22. Chrystal reports she has just recently moved into their new home so was a little unprepared for the visit, however the space for childcare was appropriately set up. She has applied to be registered as a B and to have an assistant approved. This has been verified with registration but it has not been completed yet so she is still a category C. At this time she has 10 children attending, 3 of which are under the age of 2. 3 are school age. She is currently over numbers but when the change in category and additional assistant she will be within numbers. Chrystal need to add a sign for the fire extinguished on the main floor as it is not currently visible when in the cupboard. She must document her monthly smoke alarm checks and fire and tornado drills. She has recently removed her screen door from the front and needs a new No Smoking sign. Chrystal was advised to add a water bottle to her first aid kit. Her first aid/cpr has expired. Her assistant when approved will need a physical on file. The children's files were complete with the exception of updated annual health statements. She will request these from the parents.

Suggestions/Recommendations:

Corrective Action Required:

1. Put signage so the fire extinguisher is easily located.
2. maintain log of monthly smoke alarm tests and fire and tornado drills.
3. Place No Smoking sign at front entrance.
4. Add water bottle to first aid kit.
5. Obtain CPR/First Aid certification.
6. Request annual health statement from physician for all children to be added to files.
7. Ensure that when one provider is present no more than 8 children are in attendance.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.
