Suggestions/Recommendations:

A recheck is not needed at this time. The below corrections need to be completed by 6/17/2024 and will be reviewed on your next annual compliance check.

I encourage you to work with your Child Care Resource and Referral Worker (Heather Sheesley 515-360-7308) to make the below corrections and any other compliance or training efforts.

Corrective Action Required:

1. Each child in care needs to have their individual emergency numbers written on a sheet of paper and easily accessible. I left a form to complete this requirement.
2. The items around your furnace need to be moved away at least 3 feet immediately.
3. A fire extinguisher needs to be on the main floor.
4. The batteries in your smoke detector need to be changed as the smoke detector was beeping during the compliance check.
5. The assistant/substitute file needs to have a DHHS Provider Medical Physical Form and a Certificate of Completion for Mandatory Reporting Training.
6. Each child in care needs an individual file containing specific demographic, medical, releases, and consents. I left a list of required paperwork for each file. I encourage you to contact Heather Sheesley to assist you with this requirement.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at jaringd@dhs.state.ia.us/515-601-9469 if you have any questions regarding this letter.

Sincerely,

Jake Aringdale
