Gail is a category B provider who has been registered since 2009. All childcare is provided in the basement, which has direct access to the outside. There is a large fenced in back yard for the children to play in. Gail belongs to the food program. She has no substitutes or assistants.

2. Identify Observed Strengths Of The Program

Gail is an experienced provider who is knowledgeable of children's development and behaviors. I observed positive communication between Gail and the children, including skillful redirection of a child. Gail runs a play-based program and provides numerous activities for the children including, arts and crafts, painting, play doh, various games and indoor play equipment for large muscle groups. The back yard has a vast array of playground equipment for the children to climb on, swings, slides, etc.
