Findings:

An annual compliance check was completed on 10/12/23 and the following was out of compliance:

441 IAC 110.8(1)“h” The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes.

Melissa had a few months not documented.

441 IAC 110.8(1)“n” Providers shall inform parents of the presence of any pet in the home.

Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice)

The recent pet exam was not on the correct form. This worker did provide her a form and the puppy will go in this weekend for rabies shots and provider agreed to get the form filled out at that time.

441 IAC 110.8(4) “a” Fire and tornado drills shall be practiced monthly and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

Melissa had a few months not documented.

441 IAC 110.9(1)“a” A physician’s examination report for the provider and all members of the provider’s household aged 18 years or older . Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) “d”, 110.9(4) “f”, and 110.9(4) “g”

Melissa did not have a physical for herself.

441 IAC 110.9(1)“b”(2) Documentation from the department confirming the record checks required under 441 IAC 110.11(3) have been completed and authorizing or conditionally limiting the person’s involvement with child care.

Melissa could not locate this.

441 IAC 110.9(4) Children’s Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:

An admission physical examination report signed by a licensed physician or designee in a clinic supervised by a licensed physician

The date of the physical examination shall not be more than 12 months before the child’s first day of attendance at the child development home.

The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.

Melissa did not have a physical for one of the preschooler's in her care.

Suggestions/Recommendations:

Melissa needs to make sure she is testing her smoke detectors every month and documenting them accordingly.

Melissa needs to ensure she has an annual pet exam on the approved HHS form.

Melissa needs to ensure that fire and tornado drills are practiced monthly and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

Melissa needs to have an updated physical on the approved HHS form.

Melissa should try to locate the documentation from HHS confirming record checks have been completed and authorizing who can reside in the home. If she cannot locate it she should ensure that she keeps the next one sent to her at the time of her renewal.

Melissa will need to work with the parents to obtain the missing physical and maintain all of her children's file's with the required documentation.
