Suggestions/Recommendations:

**** These are general reminders. This does not reflect on the spot check that was completed.

- If you have a child that has allergies (other than seasonal), a written emergency plan must be completed. This plan is to accompany the child if away from the facility.
- Serious injuries and deaths must be reported within 24 hours.
- For each child under the age of 12 months that is present, you must have a crib or crib like furniture for safe sleep practices.
- No child should be allowed to start attending your childcare program until all paperwork has been completed by his or her parent and turned in to you.
- Each child in your care needs to have an updated medical statement or physical annually.
- The vet needs to inspect your pets annually and complete form 470-5153 showing your pet is free of endo and ecto parasites.
- Your private water supply needs to be tested annually.
- No one can be an assistant and/or substitute until you have received the letter from Child Care Registration indicating that person is approved.
- If you are having problems getting a certificate of immunization, the nurse consultant with CCR&R would be able to get this for you.

Corrective Action Required:
