Findings:

During the unannounced face to face spot check conducted on the date identified above, and at the address identified above, Toni Brown, DHS regulatory worker found the following to be out of compliance.

- 1) Documentation for testing smoke alarms is missing.
- 2) Documentation for animal annual examinations for two pets is missing.
- 3) Documentation for practicing fire and tornado drills is missing.
- 4) No physical form for Richard in file. This is the second consecutive year that you have been out of compliance for household members not having a physical exam documented on form 470-5152. A safety plan will be put in place giving you three months to become compliant with this requirement from the Iowa Administrative Code Chapter 110.9(1) or revocation of your registration may be pursued.
- 5) No physical form for Emma is on file. No record of immunizations for Emma is on file.
- 6) All children's files are either missing admission physical exams or are in need of updated physical exams. Four files are missing immunization records.

Suggestions/Recommendations:

**** These are general reminders. This does not reflect on the spot check that was completed.

- If you have a child that has allergies (other than seasonal), a written emergency plan must be completed. This plan is to accompany the child if away from the facility.
- Serious injuries and deaths must be reported within 24 hours.
- For each child under the age of 12 months that is present, you must have a crib or crib like furniture for safe sleep practices.
- No child should be allowed to start attending your childcare program until all paperwork has been completed by his or her parent and turned in to you.
- Each child in your care needs to have an updated medical statement or physical annually.
- The vet needs to inspect your pets annually and complete form 470-5153 showing your pet is free of endo and ecto parasites.
- Your private water supply needs to be tested annually.
- No one can be an assistant and/or substitute until you have received the letter from Child Care Registration indicating that person is approved.
- If you are having problems getting a certificate of immunization, the nurse consultant with CCR&R would be able to get this for you.
