Suggestions/Recommendations:

**** These are general reminders. This does not reflect on the spot check that was completed.

- If you have a child that has allergies (other than seasonal), a written emergency plan must be completed. This plan is to accompany the child if away from the facility.
- Serious injuries and deaths must be reported within 24 hours.
- For each child under the age of 12 months that is present, you must have a crib or crib like furniture for safe sleep practices.
- No child should be allowed to start attending your childcare program until all paperwork has been completed by his or her parent and turned in to you.
- Each child in your care needs to have an updated medical statement or physical annually.
- The vet needs to inspect your pets annually and complete form 470-5153 showing your pet is free of endo and ecto parasites.
- Your private water supply needs to be tested annually.
- No one can be an assistant and/or substitute until you have received the letter from Child Care Registration indicating that person is approved.
- If you are having problems getting a certificate of immunization, the nurse consultant with CCR&R would be able to get this for you.

Corrective Action Required:

- 1) Remove potentially hazardous materials OR secure the cabinet under the bathroom sink so that the children do not have access to items inside.
- 2) Have assistant complete physical & have medical staff complete form 470-5152.
- 3) Obtain missing documentation for files for children. Discussion and notes were left at home visit so provider is aware of the specific files.

Please make every attempt to become compliant within 45 days of receipt of this letter. Please email pictorial documentation of compliance to me at tbrown@dhs.state.ia.us or text me at (319) 429-1736. If you are in need of more time to become compliant, please contact me at (319) 429-1736. It is YOUR responsibility to provide proof of compliance to me. It is not CCR&R's responsibility.

Please note that if you are found to be noncompliant for the same requirement for two consecutive years, a safety plan or revocation could occur.

Contact your local CCR & R for further assistance.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at (319) 429-1736 if you have any questions regarding this letter.

Sincerely,
Toni Brown
