### Findings:

Per our 5/8/2023 spot check visit, the following corrections need to be made as described in the policy sections above:

1. You need to upgrade your main floor fire extinguisher to a size 2A 10BC.
2. You need to install a child safety lock on your lower bathroom cabinet or need to move your chemicals out of reach of children.
3. You need to develop a new Emergency Preparedness Plan to have on file at your new location. I encourage you to use the blank template that I shared.
4. You need to obtain a current physician signed statement of health for yourself and Walter to have on file. This needs to be completed using the State form I shared a copy of and needs to be renewed every three years.
5. You need to obtain a current physical and immunization form for Xavier and Nathaniel to have on file.
6. Your Mandatory Reporter training expired last month and needs to be renewed.
7. A couple of your children's files need a current physical form.

### Suggestions/Recommendations:

I encourage you to work with Child Care Resource and Referral with any ongoing compliance or training needs.

### Corrective Action Required:

The above corrections need to be in place by 7/21/2023. No re-check is planned at your home. We will review the corrections during your next visit.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at (515) 291-0008 if you have any questions regarding this letter.

Sincerely,  
Earl Crow
