

02/15/2023

Julia Smith
1512 W 11th ST
Waterloo, IA 50702

Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 02/15/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) Facility Requirements

- 441 IAC 110.8(1)“ n” Providers shall inform parents of the presence of any pet in the home.
1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal’s routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).
 2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.
 3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.
 4. All animal waste shall be immediately removed from the children’s areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.
 5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

441 IAC 110.8(3) Medications and Hazardous Materials

- 441 IAC 110.8(3)“b” A first-aid kit shall be available and easily accessible whenever children are in the child development home, in the outdoor play area, in vehicles used to transport children, and on field trips. The kit shall be sufficient to address first aid related to minor injury or trauma and shall be stored in an area inaccessible to children. The kit shall, at a minimum, include adhesive bandages, bottled water, disposable tweezers, and disposable plastic gloves.

- 441 IAC 110.9 Files

441 IAC 110.9(1)**A provider file is maintained and shall contain the following:**

441 IAC 110.9(4)

Children's Files. An individual file for each child shall be maintained and updated annually or when the provider becomes aware of changes. The file shall contain:

- a. Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child, and the parent's work address and telephone number.
- b. Emergency information including, at a minimum, where the parent can be reached, the name, street address, city and telephone number of the child's regular source of health care, and the name, telephone number, and relationship to the child of another adult available in case of emergency.
- c. A signed medical consent from the parent authorizing emergency treatment.
- d. An admission physical examination report signed by a licensed physician or designee in a clinic supervised by a licensed physician
 1. The date of the physical examination shall not be more than 12 months before the child's first day of attendance at the child development home.
 2. The written report shall include past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary.
 3. For a child who is five years of age or older and enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physical examination report.
 4. The examination report or statement of health status shall be on file before the child's first day of care
- e. For children under the age of 6, a statement of health condition signed by a physician or designee submitted annually from the date of the admission physical. For a child who is enrolled in school, a statement of health status signed by the parent or legal guardian may be substituted for the physician statement.
- f. For each school-age child, on the first day of attendance, documentation of a physical examination that was completed at the time of school enrollment or since.
- g. A signed and dated immunization certificate provided by the state department of public health. For the school-age child, a copy of the most recent immunization record shall be acceptable.
- h. For any child with allergies, a written emergency plan in the case of an allergic reaction. A copy of this information shall accompany the child if the child leaves the premises.
- i. Documentation that is signed by the parent and names persons authorized to pick up the child. The authorization shall include the name, telephone number, and relationship of the authorized person to the child.
- j. Written permission from the parent for the child to attend activities away from the child development home.
- k. Injury report forms documenting injuries requiring first aid or medical care
- l. If the child meets the definition of homelessness as defined by section 725(2) of the McKinney-Vento Homeless Education Assistance Act, the family shall receive a 60-day grace period to obtain medical documentation.

Findings:

This worker arrived at the home on 2/15/23 to find 4 children present. Julie only had one child under the age of 2 and no children under the age of 12 months. She was in compliance with her numbers and age ranges for category B.

A complete tour of the home was completed with the following noted:

1. Julia had several First aid kits but they did not have the required water bottles.

The outdoor area was observed with no hazards noted.

A full review of records noted the following:

2. Julia did have an annual exams for for the dog Kami but it was not on the approved form.

In regards to the files for the children in care:

3. Julia was missing several items for one of the children in her care. She did have the physical and immunization form but was missing the intake form with child's name, DOB, parent information and contact information. she was missing the emergency information in regards to who to contact in case of an emergency and the Doctor information. She was also missing the signed medical consent form authorizing emergency medical care and the consent form authorizing who can pick up the child and granting permission for activities.

Suggestions/Recommendations:

1. Julia had several First aid kits but they did not have the required water bottles.

Julia agreed to add water bottles to all her First aid kits and we discussed the reason behind this. She agreed to add those accordingly and to send pictorial documentation.

2. Julia did have an annual exams for for the dog Kami but it was not on the approved form.

Julia was aware of the form she needed and agreed to get the appropriate documentation and to send pictorial documentation.

3. Julia was missing several items for one of the children in her care. She did have the physical and immunization form but was missing the intake form with child's name, DOB, parent information and contact information. she was missing the emergency information in regards to who to contact in case of an emergency and the Doctor information. She was also missing the signed medical consent form authorizing emergency medical care and the consent form authorizing who can pick up the child and granting permission for activities.

Julia is aware of the forms needed for each child's file as she had the appropriate documentation in the other files. She agreed to obtain the missing documentation and submit pictorial documentation accordingly.

In further discussion Julia noted that one of her families , who currently has two children she is providing care for, recently had twins and she plans to begin caring for them at the end of March. She was aware that would put her over one child but she would still only have two children under the age of 12 months and only three children under the age of 2. She will plan to immediately reach out to CCR&R support to obtain the appropriate paperwork to request an exception to capacity.

You may contact your local CCR&R for further assistance if needed.

Corrective Action Required:

Julia agreed to send pictorial documentation of the missing items noted above. Please email pictorial documentation of compliance to me at cweber@dhs.state.ia.us or text me at 319-429-0749. Please send all necessary compliance documentation within 2 weeks of the receipt of this letter.

Thank you for the service you provide to the children in your community.

Iowa Department of Health And Human Services

Always Remember:

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at 877-216-8481

As you plan your future trainings to meet your 24 hours of training requirement, please remember that you can access the approved training by going to http://www.dhs.state.ia.us/Consumers/Child_Care/Professional_Development.html

You may also access training at: <https://ccmis.dhs.state.ia.us/trainingregistry/>

All providers need to maintain compliance with rules set out in Iowa Administrative Code, Chapter 110, which includes: 441 IAC 110.5(1): Check with the appropriate authorities to determine how the following local, state, or federal laws apply to you: • Zoning code • Building code • Fire code • Business license • State and federal income tax • Unemployment insurance • Worker's Compensation • Minimum wage and hour requirements • OSHA • Americans with Disabilities Act (ADA).
