Dear Child Care Provider:

This letter is in regards to the pre-inspection visit at your Registered Child Development Home A conducted on 04/29/2025. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1) **Facility Requirements**

441 IAC 110.8(1)“h” The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer’s recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes

441 IAC 110.8(4) **Emergency Plans**

441 IAC 110.8(4) “b” The provider must have procedures in place for the following:

1. evacuation to safely leave the facility
2. relocation to a common, safe location after the evacuation
3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
4. lock down protocol to protect children and providers from an external situation
5. communication plan and plans for reunification with families
6. continuity of operations plans
7. Procedures to address the needs of individual children, including those with functional or access needs

Findings:

1. 110.8(1)h The provider does not have a smoke detector in one of the rooms the children will be using.
2. 110.8(4)b The provider needs to complete the Emergency Preparedness Plan.

The provider's home is located next to a water retention pond. The pond is not on the provider's property, but borders it. The provider has a fenced area in the back of the home where the children will play. The provider also has device on the door that makes a sound when opened.

Suggestions/Recommendations:

The provider will send photos of the completed items to SW Bailey or may request a re-check before 5/29/25.

I encourage you to work with Lorri Hora from Child Care Resource and Referral with any ongoing compliance or training needs.

Lorri can be reached at: 319-321-2725.

Corrective Action Required:

1. The provider needs to add a smoke detector to the spare bedroom in the home.
2. The provider needs to complete the Emergency Preparedness Plan. (The provider emailed the completed form to SW Bailey on 4/30/25).

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-800-4702 or holly.bailey@hhs.iowa.gov if you have any questions regarding this letter.
