1 Inspection Visit Since 2023 - 2 Findings

Most recent inspection: Sep 11, 2025

● 2 Important

Across 1 inspection since 2023, the issues cited most often were LS Observed Missing Lead Screenings for Enrolled Children. Some Children's Files Have That the Screen Would Be Performed at 12mo of Age but the Children Are Now Over 2y and There Is No Evidence on File of the Screening. Provider States She Will Give the Lead Certificates to Parents to Have the Docto (1) and LS Observed the Hot Water Temp Close to 140. The Provider Thinks That the Renters May Have Adjusted the Temperature. During This Inspection, the LS Witnessed the Provider Change the Hot Water Tank Temp From Close to Very Hot to Low. The Provider Also States She Will Place a Note on the Tank as a Rem (1). None of the 2 findings were critical.
